

Motoring the “Mighty Miss” State HOG Rally

June 20-25, 2010

What do 600 river pilots, 453 river miles, 6 landings, and 4 states have in common? The answer is 1 memorable adventure!

Join us for the Motoring the “Mighty Miss” State HOG Rally as we follow the Mississippi River. We will start in Duluth, then travel to the Headwaters of the river in Itasca State Park, continue on to St. Paul, Lacrosse, Dubuque and Burlington. Each city will present its own view of the river history, from riverboats, to Native American legends, to tales of the river.

Between cities you will be able to spend your time learning about river boating, checking into beer making, or having your photo taken with fish and other larger than life statues. We’ll even throw several meals and parties into the mix to make it easier for you to enjoy yourself.

Registration will be limited to 600 people. Check the following websites for the official date that registration opens, or stay tuned to this source for more information.
